Byrne Engineering awarded ISO 9001:2008 Certification

Toronto, ON. July 12th 2011. Byrne Engineering Inc., a subsidiary of energy services company Ameresco Canada Inc., is proud to announce it has received ISO certification 9001:2008.

The certification recognizes the organization's Quality Management System which complies with ISO 9001:2008 requirements in its provision of consulting engineering services to a broad range of industrial, commercial and residential clients.

"As an ISO certified organization, Byrne is recognized by clients and our peers across all sectors as maintaining consistent processes and procedures ensuring quality in our work. An ISO certification opens doors for work in new sectors and industries, presenting a plethora of opportunity," said Byrne Engineering Senior Vice President, Andre Martineau.

"Byrne Engineering's ISO certification is a significant recognition of the consistency in the work performed by the entire team. We are proud of Byrne's achievement. The certification aligns with our long-term business plan and our work towards continued growth and development," said Ameresco Canada's Chief Operating Officer, Anthony Da Silva.

Byrne Engineering Inc. became a subsidiary of Ameresco Canada Inc. in September 2009.
