

Advanced Energy Solutions for Smart Cities

Ameresco is a Smart City solution integrator drawing from decades of experience developing and tailoring smart energy projects. We apply a proven, comprehensive approach to help customer's identify priorities, objectively evaluate a range of best-in-class solutions, and build consensus among stakeholders. Then we use our engineering and integration skills, our strength and capacity to manage complex projects, and our innovative financing options to implement the selected solutions. Ameresco is the integration partner you can trust to design, finance, and deploy your Smart City solutions.

Smart Energy

Ameresco is a leading innovative technology integrator specializing in smart energy applications including microgrids, battery storage, smart meters, renewable energy, and more.

Smart Infrastructure

Ameresco installs sensor networks to improve our customers' understanding of how their assets are performing, enabling better decisions about their design, operation and maintenance.

Smart Street Lighting

Ameresco is the clear leader in smart street lighting, with smart controls on more than 62% of 600,000 plus LED street lights to date. Our customers have turned to LED technology for street, roadway, parking lots, and more.

Smart Water

Ameresco is helping cities everywhere move to smart connected water systems to reduce non-revenue water, gather actionable flow, measure pressure and distribution data, and manage unnecessary water loss.

Smart Buildings

Ameresco has been making smart buildings for nearly 20 years, implementing building automation, smart lighting, grid interaction, and critical monitoring analytics.

Smart Mobility

Electric vehicle sales increased by 64% in 2018, enabling Ameresco to help more customers than ever make EV charging a strategic component of their mobility strategy.

AMERESCO

by the Numbers

Delivered over **\$6 Billion** in Energy Solutions

70+ Offices Throughout the USA, Canada, and the UK and more than **1,000 Employees**
